

Trimble Announces Call for Speakers for its 2018 Dimensions International User Conference

SUNNYVALE, Calif., March 13, 2018 /PRNewswire/ -- Trimble (NASDAQ:TRMB) has opened its Call for Speakers for the 2018 Trimble Dimensions International User Conference, which will be held November 5-7 at The Venetian in Las Vegas, Nevada. This unparalleled combination of education, technology and networking is a premier opportunity for speakers to share best practices, insights and real-world experiences with industry peers from around the globe.

Of particular interest to the thousands of attendees at Dimensions are sessions addressing cutting-edge topics and groundbreaking trends in agriculture, building design, construction and operation, civil engineering and construction, forensics, forestry, geospatial, mapping and GIS, government (local, state, federal), land administration, marine construction, mobile mapping, monitoring, photogrammetry and remote sensing, quarry and aggregates, rail, scanning, surveying, transportation and logistics, and utilities.

Those interested in speaking at Dimensions can submit presentation proposals at www.TrimbleDimensions.com/CallForSpeakers through June 1, 2018. Selected speakers will be notified in mid-July and receive a significant discount for the full conference registration rate.

Additional information about Trimble Dimensions, including registration details, will be available in the coming weeks.

About Trimble Dimensions International User Conference

Trimble Dimensions International User Conference provides insight into how Trimble's technology can transform the way professionals work to achieve success. Attendees are encouraged to take advantage of various opportunities in knowledge sharing, networking with key industry leaders, building relationships, developing new contacts, discussing opportunities and discovering how to overcome challenges in today's competitive business environment. Highlights include educational sessions and specialized tracks to advance career objectives, with many sessions qualifying for Professional Development Hour (PDH) credits; off-site and on-site hands-on training opportunities; keynote and executive-level presentations, and an innovation expo.
