

## Trimble Announces 2019 Dates for in.sight user conference + expo

SUNNYVALE, Calif., Sept. 12, 2018—Trimble (NASDAQ: TRMB) announced today that it is bringing the in.sight user conference + expo back to Houston, Texas, in 2019. The fourth annual event will be held at the Houston Convention Center from Sept. 15-18, 2019.

This industry-leading transportation event, hosted by Trimble, offers service providers and fleet operations professionals more than three days of valuable content, from notable speakers and networking opportunities to hands-on experience with new technology solutions to help them reach new levels of organizational performance and safety.

"Each year in.sight continues to prove increasingly valuable for our customers as a way to interact and learn from each other to better prepare for what the future of the transportation industry holds," said Thomas Fansler, president of Trimble Transportation Mobility. "On the heels of this year's successful event, we look forward to marking our calendars for another dynamic week together in Houston in 2019."

The in.sight user conference + expo is one of the largest technology conferences in the transportation industry, with more than 2,000 industry professionals in attendance for this year's event. The 2019 event will feature hundreds of educational sessions, notable speakers, customer awards and extensive networking opportunities.

"By hosting an event like in.sight, our customers receive an unmatched experience through our extensive expertise, partners and exhibitor network," said Bryn Fosburgh, president of Trimble Transportation Enterprise. "The 2019 conference will continue to deliver valuable takeaways that allow our customers to better leverage technology solutions for transportation and discover new ways to drive efficiencies in their businesses."

The 2018 in.sight user conference + expo is taking place from September 9 - 12 at the George R. Brown Convention Center in Houston. Hosted by Trimble, the three-day event features the leading companies from the transportation and logistics industries who will showcase the latest and greatest technologies.
