

Announcing Trimble Dimensions 2025: Engage the Future of Work Now

Dimensions is the Industry Event for Engineering and Construction Professionals to Gain Confidence from Connected Data, Technology and Workflows

WESTMINSTER, Colo., Sept. 10, 2025 /PRNewswire/ -- Trimble (Nasdaq: TRMB) announced today the return of its flagship user conference, Trimble Dimensions 2025: trimble.com/dimensions. This premier event, focused on connecting the physical and digital worlds to transform industries, will take place November 10-12, 2025, at The Venetian Resort in Las Vegas.

Attendees can explore how Trimble technology puts workforces in command of connected solutions to drive productivity and optimize the benefits of AI integrations across architecture, engineering, construction (AEC) and geospatial workflows. Hands-on training, networking with peers and connecting with industry experts will help attendees to elevate their efforts with Trimble technology solutions.

Session Catalog

Trimble Dimensions 2025 will feature a keynote address from Trimble CEO Rob Painter that sets the vision for the future of connected workflows and intelligent construction. The conference program is packed with over 500 expert-led sessions, live demos and hands-on workshops, rounding out a comprehensive [session catalog](#) that covers a broad range of Trimble technologies and industry applications.

The Trimble sponsorship collaboration with RFK Racing, initiated during the 2025 NASCAR season, will also be highlighted at Dimensions 2025. RFK Racing co-owner and driver Brad Keselowski will explain the essential roles of innovative technology, precision and high-performance teamwork in motorsports in a mainstage presentation on November 12. The No. 6 Trimble car and racing simulators will also be featured.

"Trimble Dimensions is more than an event; it's a one-of-a-kind opportunity for a global community of builders, makers and innovators to converge and create magnetic connections," said Rob Painter, president and CEO of Trimble. "Through a gathering of people and ideas, Trimble's boldest solutions come to life across industries that we all depend on."

Event Experiences and Sponsors

Dimensions will once again highlight the startup community by providing a platform for emerging companies to present their innovative solutions for the future of connected industries:

- [Trimble 0-60 Challenge](#) debuts breakthrough ideas at Demo Day where entrepreneurs, startups and developers present Trimble-integrated solutions designed to tackle the industry's toughest challenges.
- [Construction Startup Competition Pitch Day](#) event showcases the finalists of the construction industry's leading startup competition, where emerging innovators compete for cash prizes awarded by some of the sector's most prominent companies—serving as both judges and champions of innovation.

As a customer-centric event, the Expo Hall at Trimble Dimensions will showcase Trimble solutions with third-party technology integrations to highlight an open and cohesive ecosystem with personalized one-on-one demonstrations.

The three-day event will conclude with a customer appreciation party at AREA15, a one-of-a-kind venue where attendees can network and celebrate in a space filled with immersive worlds, monumental art and entertainment.

In addition to Diamond Sponsor PwC and Platinum Sponsors Caterpillar, Datagrid and HP Inc., Trimble Dimensions 2025 is sponsored by a growing list of industry and media sponsors. Conference attendance exceeded 7,000 attendees in 2024.
