

Five Star Equipment Named Newest Trimble Technology Outlet, Serving Customers in New York and Pennsylvania

Five Star to offer and support Trimble grade control, site positioning and correction services for John Deere equipment

WESTMINSTER, Colo., Aug. 27, 2026 — [Trimble](#) today announced [Five Star Equipment](#) as the newest Trimble Technology Outlet. Five Star will now sell Trimble grade control, site positioning systems and correction services technology directly to customers using John Deere earthmoving equipment, including dozers, excavators, motor graders, mini-excavators and compact track loaders, as well as Deere and Level Best attachments.

Trimble Technology Outlets are an important part of [Trimble's civil construction](#) distribution strategy. By adding authorized resellers representing a wide variety of manufacturers to the Trimble distribution channel, it becomes easier for users of various machine types to purchase, install and utilize Trimble technology for improved jobsite productivity and profitability. As an authorized Trimble reseller, Five Star now sells Trimble technology directly to its customers in most of New York and northern Pennsylvania.

Five Star Equipment Named Newest Trimble Technology Outlet

"We're excited to announce Five Star Equipment as the newest Trimble Technology Outlet," said Ron Bisio, president, field systems at Trimble. "We want to make it as easy as possible for civil construction contractors to find dealers who sell, service and support Trimble technology, regardless of machine make or model. We look forward to working with the Five Star team to help their customers in New York and Pennsylvania take advantage of the increased productivity, profitability and jobsite efficiency Trimble technology provides."

Five Star customers can expect to receive the same superior level of support, including installation and training, for which the Trimble dealer channel is known.

"We are committed to helping our customers operate more efficiently, more safely and more profitably," said Bill Bochicchio Jr, chief operating officer at Five Star Equipment. "Working with Trimble expands our ability to deliver industry-leading technology solutions that improve productivity across the jobsite. This relationship reflects our ongoing investment in providing customers with the tools, support and expertise they need to succeed in an increasingly connected construction environment."
